

Microsoft® SharePoint Specialist Certificate Program

MICROSOFT SHAREPOINT SPECIALIST(7393)

Office SharePoint Server 2010 is tightly integrated with familiar client desktop applications, email and web browsers to provide a consistent user experience that simplifies how people interact with content, processes and business data.

In a competitive modern environment, organizations are interested in how to:

- Boost employee productivity by simplifying everyday business activities
- Effectively manage and repurpose content to increase business value
- Simplify organization-wide access to both structures and unstructured information across disparate systems
- Connect people with information and expertise
- Accelerate shared business processes across organizational boundaries

Microsoft SharePoint 2010 has provided the mechanisms for many of these solutions and is an attractive option for many organizations. This certificate consists of 5 (five) 30-hour modules.
