The Future of Learning

Home Renovations

For most of us, our house is the biggest investment we ever make. It's often necessary to do small or major renovations to maintain our home and/or create a more functional and pleasant atmosphere that suits our lifestyle. This may involve law and safety issues, and can be very expensive.

If you are a do-it-yourself'er who just wants to take a short workshop on your particular interest, register for one (or more) of our three-hour workshops.

Courses are offered evenings and weekends for the convenience of working learners.

Classes are limited to 15 students, and fill quickly, so register soon for the section you want!

HOME STAGING 101 CESI-790 **NEW**

Reduce your stress. Get more organized. Fall in love with your house. Learn how to stage your house with tips and techniques from the authors of the Do-It-Yourself Home Staging Kit. You'll be proud to show off your house whether you're living in it, celebrating in it, or selling it. \$50 (3 hrs, includes \$20 materials fee)

HOME DESIGN & RENOVATIONS CESI-755

An excellent choice for a real estate agent! This 24-hour course will guide the participant through various stages of home renovations. Professional approaches and cost-saving methods to home renovations are explained, and fundamentals which create our interior environment are illustrated.

All the topics covered in the three-hour workshops, as well as planning, design tips and information on stairs, closets and laundry room renovations, are included in the 24-hour comprehensive course. Please note: CESI-790, CESI-763, CESI -795 are not part of this course. \$195 (24 hours)

BASICS OF HOME RENOVATIONS CESI-756

This introductory workshop will give you general information about house structure from footings to the roof. Find out how the structure of a house holds together and how it functions, including plumbing, HVAC, electrical, etc. You gain preliminary knowledge to do any type of home renovation. \$30 (3 hours)

BATHROOM RENOVATIONS CESI-758

Various steps of renovating a bathroom are explained. Do-it-yourself'ers can gain skills and knowledge to renovate their bathroom with confidence. Replacing bathroom fixtures is illustrated and discussed. Participants are encouraged to bring in their own projects for discussion. \$30 (3 hours)

KITCHEN RENOVATIONS CESI-759

This course is designed for those do-it-yourself'ers who want to save on the skyrocketing costs of a professional kitchen renovation. Participants are guided through the stages of planning and executing their own kitchen projects. Replacing kitchen cabinets, countertops and kitchen sink installation is illustrated. \$30 (3 hours)

BASEMENT RENOVATIONS CESI-760

The basement is a large area of your home which is included in your property tax and utility bills. How to professionally upgrade your basement to a living area is explained. If you are a do-it-yourself'er, you will learn the skills and knowledge of how to finish your basement. \$30 (3 hours)

DOOR & WINDOW REPLACEMENT CESI-751

If you are a do-it-yourself'er, many times you can replace the doors and windows in your home and save a lot of money. This workshop will give you the knowledge to select the most appropriate type of door and window for your needs, as well as how to install them professionally. \$30 (3 hours)
