Autobody Repair Techniques Program

Centennial Autobody Skills Competition first place winner Bobby Boodhram receives congratulations from Chair, Peter Woodall. The competition was held during the Connect with Centennial event on Sunday, March 22. Eighteen year old Bobby, a student in our Autobody Repair Techniques program, faced some very serious competition from level 1, 2 and 3 autobody apprentices. The competition involved a 200 question, multiple choice quiz before moving on to a test of hands-on skills including precision fabrication and welding, metal finishing and plastic repairs. Although enrolled in an entry level autobody program, Bobby comes to the College with a strong autobody background having grown up in the family autobody business. Bobby and a third year apprenticeship student who finished second in our competition will represent Centennial in the Ontario Skills Competition on May 4 and 5 in Kitchener.

Motorcycle & Power Sports Program Advisory Committee

Smiling faces of the Motorcycle Program Advisory Committee members following their last meeting on March 31, 2009. PAC members and College resource people, from left to right, are: Chris Mackovski, student; Caroline Mbutia, recording secretary; Dave Shepherd, Yamaha Motor Canada; Peter Woodall, Department Chair; Paul Shantz, Suzuki Canada; Steve Redford, Barrie Harley Davidson; Roy King, faculty member; Stu Bottrell, Canadian Scooter Corp; Laurent Feuiltault, Kawasaki Motors Canada; Jeff Down, MTD Products Ltd. Our students have a motorcycle lab to die for, filled with fabulous products, donated by these and other industry friends and partners.

Local Porsche Owners Receive Training at Ashtonbee

Prof. Ben Ciantar, assisted By Prof. Thomas Brown, are running a six night **KNOW YOUR PORSCHE** course for Porsche owners. Local members of the Porsche Club bring their steeds to the Ashtonbee campus on Tuesday nights to learn about their cars' systems and to perform minor maintenance under supervision.
